Entry and Exit Requirements in BOLIVIA

PCR

The test must be taken 72 hours prior to departure, regardless of the country of travel origin.

HEALTH INSURANCE

Travelers must have health insurance with coverage for COVID-19 upon entry to Bolivia.

*Numerous private and public clinics throughout Bolivia offer COVID-19 testing. The PCR test price averages is US\$ 135.

Are travelers required to quarantine?

NO

Although the regulations indicate that travelers must remain in quarantine for at least 10 days after entering Bolivia, none of the tourists was forced to fulfill with this measure.

02

RESTRICTIONS

Is a curfew in place?

NO. There are no restrictions on intercity or interstate travel either transit restrictions in cities.

Biosafety measures

- The wearing of facemasks in public places is mandatory and social distancing measures must be respected.

03

BORDERS

Air borders are open and commercial flights are permitted to operate. However, Peru, Argentina and Chile have maintained closure of their land borders with Bolivia and thus entering and exiting Bolivia by land may not be possible at this time.

04

TRANSPORTATION

LOCAL FLIGHTS

UYUNI

Flights to the city of Uyuni are not available until further notice.

RURRENABAQUE

Amazonas airline has temporarily suspended its flights to Rurrenabaque.

AEROLÍNEAS

BOA, AMASZONAS and ECOJET maintain their flight offer on all other routes.

INTERNATIONAL FLIGHTS

Commercial airlines operating in Bolivia have continued to run periodic flights to Miami, Madrid and other foreign destinations during Bolivian quarantine measures.

The two local airlines currently operating international and domestic flights are BOA and Amazonas. Ecojet is only operating domestic flights.

PUBLIC TRANSPORTATION AND LOCAL BUSES

Public transport as well as interdepartmental buses (among them to Uyuni and Rurrenabaque) are allowed. Social distancing and the use of masks in public vehicles places remains obligatory.
